

Taekwondo Referee Seminar

Letter To Head Instructors & Coaches

We will be running another Referee Seminar on Sunday 17th June

The seminar is designed for:

- New Referees
- Refresher for existing Referees
- Upgrade for those Referees who are eligible

It is important that we build up our referee numbers as without Referees, we cannot run competitions.

The new regulation regarding provision of referees by each club fielding competitors, will be strictly enforced at the coming Competition on 21st July. If you do not have enough referees in your club, that will be able to officiate on the day, this will be your last opportunity before to Comp. , to rectify that situation.

If you have anyone in your clubs that you think would make good referees, please encourage them to come along & do the Seminar.

If you have existing Referees in your club who are perhaps not receiving Referee notifications, please pass on this notice and encourage them to attend.
